Hydrobiologia

The International Journal of Aquatic Sciences

Volume 538, 1 April 2005

Special Issue

Evolution and Diversity of Ostracoda

Guest Editors

N. Ikeya, A. Tsukagoshi & D.J. Horne

Preface: The Phylogeny, fossil record and ecological diversity of ostracod crustaceans
N. Ikeya, A. Tsukagoshi, D.J. Horne vii–xiii

Origin of the Ostracoda and their maxillopodan and hexapodan affinities
W.A. Newman 1–21

Functional morphology of Palaeozoic ostracods: phylogenetic implications
G. Becker 23–53

Homology and homoeomorphy in ostracod limbs
D.J. Horne 55–80

Phylogeny and evolution of *Loxoconcha* (Ostracoda, Crustacea) species around Japan
T. Ishii, T. Kamiya, A. Tsukagoshi 81–94

Histological peculiarities of the noding process in *Cyprideis torosa* (Jones) (Crustacea, Ostracoda)
D. Keyser 95–106

First record of ostracods (Crustacea) in Baltic amber
D. Keyser, W. Weitschat 107–114

A revised classification of the higher taxa of the Ostracoda (Crustacea)
A. Liebau 115–137

Phosphatocopina – ostracode-like sister group of Eucrustacea
A. Maas, D. Waloszek 139–152

Molecular and morphological phylogeny of the ancient asexual Darwinulidae (Crustacea, Ostracoda)
K. Martens, G. Rossetti, R.K. Butlin, I. Schön 153–165

Habitat diversity and ostracod distribution patterns in Belarus
L. Nagorskaya, D. Keyser 167–178

Myodocopa (Crustacea: Ostracoda) as models for evolutionary studies of light and vision: multiple origins of bioluminescence and extreme sexual dimorphism
T.H. Oakley 179–192

The question of cosmopolitanism in the deep-sea ostracod fauna: the example of the genus *Pedicythere*
E.I. Schornikov 193–215

The ontogeny of the entocytherid ostracod *Uncinocythere occidentalis* (Kozloff & Whitman, 1954) Hart, 1962 (Crustacea)
R.J. Smith, T. Kamiya 217–229

Morphological design and fossil record of the podocopid ostracod naupliar eye
G. Tanaka 231–242

Taxonomy, morphology and speciation of the *Semicytherura henryhowei* group (Crustacea, Ostracoda)
S. Yamada, A. Tsukagoshi, N. Ikeya 243–265
